Add/Modify Inventory Items Type

On this screen you create an inventory items type or change its details.

How to get here: Add or **Modify** button on the Inventory Items Type screen.

Details of the inventory items type

- **Code**: the initials of the inventory items type.
- **Description**: the name of the inventory items type.
- **No inventory needed**: tick it for the inventory items types whose expenses you want to see in the delivery notes and **Reports**, but which

do not need to appear in the inventory because they are not essential goods.

> **Example.** Cleaning products do not need inventory.

Type

In addition, tick the type of inventory item that applies.

> Only the inventory items types **Food**, **Drink** and **Auxiliary material** can be part of a recipe.
