Manager Help Topics

This option opens the help document for the manager. It is a PDF: the `Ayuda_gerente.pdf` file in the PizzaGest folder.

How to get here: menu **Help → Manager Help Topics**.

> The option only appears on the server of the branch.

If it does not open

- If the computer has no program to open PDF files, the warning "You do not have Adobe Acrobat Reader installed. You can get it at www.adobe.com/products/reader.html" appears.
- If the file is not in the PizzaGest folder, the warning "The help file cannot be found." appears.
