

Massive Printing

Once we have clicked on the **Massive printing** button through the **Check Order** screen, we will see a screen like the one we can see below:

The screenshot shows a window titled "Massive printing" with a close button (X) in the top right corner. The window is divided into two main sections. The top section, labeled "Dates", contains two date pickers: "From" and "To", both set to "10/06/2019". To the right of these pickers is a "Print" button with a printer icon. The bottom section, labeled "Order type", contains six radio buttons arranged in two columns: "Dine-In", "Take-away", "Pick-up", "Delivery" on the left, and "Employee", "Catering", "All" on the right. The "All" option is selected. To the right of the radio buttons is a "Cancel" button with a red X icon.

From this screen we can reprint a large number of tickets, after having selected the dates and the order type that we want.

The **Cancel** button allows us to exit of the screen without making any changes.
