Report of Stockroom Valuation

This report values the stockroom: it shows the stock of each inventory item, its average price and what it is worth, with a total per inventory item type and a grand total.

How to get here: menu **Items → Reports → Stockroom Valuation**.

> Access to this report depends on the employee's access level.

Filters

The **Report of stockroom valuation** window opens. It is the same as the one in Report of Current Stock, with the same filters:

Block	Options
Status	**All**, **Available** or **Unavailable**. **Available** comes selected.
Inventory	**All**, **With Inventory** or **Without Inventory**. **With Inventory** comes selected.
Vendor	A vendor from the list or **-- All vendors --**, which is what comes chosen.

- **Status** filters by the **Inventory item available** checkbox of the inventory item.
- **Inventory** filters by the **Show in inventories** checkbox of the inventory item.
- **Vendor** leaves only the inventory items that have that vendor assigned.

Running the report

1. Choose the filters.
2. Click **Report**.
3. If the branch has more than one subcentre, the **Select the Subcentre** window appears. Choose one and click **Ok**.

If no inventory item meets the filters, the message “There are no inventory items with the selected filter.” appears.

The report

The inventory items are grouped by inventory item type.

Column	What it shows
DESCRIPTION	The name of the inventory item.
STOCKROOM STOCK	The stock of the chosen subcentre, in stockroom units.

Column	What it shows
USAGE STOCK	The same stock in recipe units: the stockroom stock multiplied by the equivalence of the inventory item.
AVERAGE PRICE	The average price of the inventory item per stockroom unit.
STOCK VALUE	The stockroom stock multiplied by the average price.

Each inventory item type ends with a **TOTAL :** line. At the end of the report, **STOCKROOM VALUATION** adds up the value of all the types.

Buttons

- **Report**: runs the report with the chosen filters.
- **Cancel**: closes the window.
